

COMMISSION MEETING MINUTES

June 8, 2017

Father Marty led opening prayer.

Father Marty opened by asking if there were any questions. He was asked how the finances would be handled after July 1st. He indicated that everything goes into one pot: all savings, checking, and investments are in one pot for Divine Mercy parish. A question of the week will be included in the bulletin with concerns parishioners have about the merger. Father Marty indicated all sacramental records are now available in the parish office in SS. Mary and Patrick Hall.

Father Marty read a decree that SS. John and Paul parish and SS. Mary and Patrick parish will be suppressed. He also read a decree that establishes the parish of Divine Mercy on June 30, 2017. All members of the former parishes are welcome to become members of Divine Mercy. The new federal identification number was received today.
